

## Life as a Teen: Television

Point and click  
Your television flickers  
On  
The first thing you see is  
A woman with  
A make-up mask and  
A "hot body"  
Buy these pills  
Be skinny like me  
I lost a hundred pounds  
You can too  
Next  
Aisle seven  
A man  
Messy hair  
Glasses  
Pocket protector  
Test new deodorant  
Women flock  
Man happy  
Next  
Our friend  
Ronald McDonald  
Look  
He's got new salads on the menu  
Three different types of chicken  
Only \$2.99  
Limited time only  
Next  
Cingular  
New Razor  
\$199  
Great deal  
Some people say  
A commercial is  
Advertisement  
But they mold the minds of  
Our future  
Our youth  
I say  
A commercial is  
Danger
